**A MESSAGE FROM YOUR COUNTY HEALTH DEPARTMENT**

Just a quick reminder that folks coming down from the New York, Connecticut or New Jersey area are still required to quarantine for 14 days or duration of their stay.

For individuals who have had actual close contact to a positive case (less than 6 feet for 15 minutes), the recommendation continues to be the same: Quarantine for 14 days in your home from the date of exposure. If symptoms develop, contact your healthcare provider. If you are still waiting on your test results and have been keeping yourself in quarantine, you are doing what you need to do to limit exposure to others. Wear masks, social distance, enjoy the fresh air, keep our vulnerable folks safe.

**TOP 3 COVID19 QUESTIONS:****1. WHAT IF I HAVE BEEN A CONTACT TO A POSITIVE CASE?**

If you feel you've been a close contact to a positive case and would like to be tested, you can contact the local health department or your medical provider for testing. The recommendation is to quarantine for 14 days in your home, except to seek medical care. If symptoms develop during the 14-day period, contact your medical provider for follow up.

## **2. WHEN CAN YOU BE AROUND OTHERS AFTER YOU HAD OR LIKELY HAD COVID19?**

When you can be around others (end home isolation) depends on different factors for different situations. Find CDC's recommendations for your situation using this link: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/end-home-isolation.html>

## **3. HOW DO I CLEAN AND DISINFECTANT SAFELY AT HOME AND THE WORKPLACE?**

To reduce improper use and prevent unnecessary chemical exposures, users should always read and follow directions on the label, don't mix chemicals, wear protective gear, use in a well-ventilated area and store chemicals out of the reach of children. For more information you can contact the Poison Control hotline at 1-800-222-1222. Follow CDC cleaning guidance using this link: <https://www.cdc.gov/coronavirus/2019-ncov/community/clean-disinfect/index.html>

### **TESTING**

If you suspect you might have COVID19, please do not travel here. Please get a COVID19 test (nasal swab for active infection) in your community and know your results before you arrive. Stay home when you are sick and follow CDC guidelines. Visitors are also responsible for helping to keep our communities safe and healthy.

Call your health care provider first or if you are symptomatic to determine the need for testing. If a person thinks they have COVID-19, they should call their health care provider before going to their office so the provider can take precautions to prevent exposing other people. In some cases, they are going to meet you in the parking lot. It's just a precaution. We are really trying to keep our healthcare workers safe. Other patients safe. Review your signs, symptoms and travel history with your physician. Your provider is going to evaluate you for possible causes and rule out other respiratory illnesses (ex. Flu) before testing for COVID-19.

### **COUNTY HEALTH DEPARTMENT EXPANDED TESTING PLAN**

Florida Department of Health in Gulf County will provide FREE COVID-19 testing. Symptoms are NOT required for testing. Please call (850) 227-1276 to make an appointment.

Free COVID19 testing POD at Honeyville Community Center on 7/27/20 from 10 AM – 4 PM Eastern / 9 AM – 3 PM Central.

### **ANTIBODY TESTING**

For questions about antibody testing, contact the Florida Department of Health: Gulf (850) 227-1276. CDC information about antibody testing can be found using this link: <https://www.cdc.gov/coronavirus/2019-ncov/testing/serology-overview.html>

## **CLOTH FACE COVERS/MASK**

**If you or someone you love needs a cloth mask, please call 850-340-3016.**

The CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies) especially in areas of significant community-based transmission. It is important to note that these face coverings:

- 1. Are not surgical or N-95 respirators, which continue to be reserved for healthcare workers and medical first responders, and
- 2. The use of cloth face coverings does not mean we can remove previously set social distancing measures.

For information on how you can make a facemask at home, visit <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover.html> and watch this video <https://youtu.be/tPx1yqvJgf4>.
