Addiction Recovery & Behavioral Health

It is important to take care of your emotional health. Listed below are local resources and tips to help you and your family recover and find the support you deserve.

Crisis Text Line serves anyone, in any type of crisis, providing access to free, 24/7 support. Here's how it works: Text HOME to 741741 from anywhere in the United States, anytime, about any type of crisis.

A live, trained crisis counselor receives the text and responds, all from a secure online platform. The volunteer crisis counselor will help you move from a hot moment to a cool moment.
